* 18TH-CENTURY MEMORIAL SERVICE FOR CAPTAIN PERNELL TAYLOR *Saturday: 7:30 PM*

Pernell Taylor, the immediate past Captain of the Blackbeard's Crew of Hampton passed away on April 25, 2014. Captain Pern found his passion in sailing and as a member of Blackbeard's Crew, a living history performance group dedicated to the accurate representation of seafaring life in the late seventeenth and early eighteenth centuries. Captain Pern's diligence and leadership were major factors in the continuing success of the Hampton Blackbeard's Pirate Festival. His attention to even the smallest details as Captain of Blackbeard's Crew molded the group of would-be Pirates into the most elite and historically accurate 18th-century maritime living history organization in the country. We will honor and celebrate his life with an 18th-century memorial service during this year's festival at 7:30 PM on Saturday at the BUNCH OF GRAPES TAVERN stage. We hope that his friends and family will join us for this service.
